Service to Community (examples only)

Amyotrophic Lateral Sclerosis Association (ALSA) (area chapter)

- Support Group - serves as facilitator for all monthly group meetings until early 2010. Meets the information -and support needs of persons with ALS and their families.
- Chair of Patient Care Services Committee for the local chapter of ALSA (2005 to 2008).
 - Ongoing development of Loan Closet (now have 6 augmentative communication devices housed at the UA Speech Clinic)
 - Development of Resource Guide
 - Technology support services for persons with ALS - involves evaluating technology needs, including travel to the home for those who cannot physically be transported to our clinic.
- Currently member of Patient Care Services Committee - the group is seeking affiliate status with the national organization (ALSA). This is requiring us to develop all policies and procedures and to identify a strategic plan that will allow for expansion of services across the entire state of Arkansas.

Reflections Memory Care, Inc. Board Member, 2006 to 2008. This organization was created to develop a unique residential and treatment facility for older adults with dementia in the Springdale level. At present, there is no activity in the group because of funding challenges.

Area Agency on Aging - consultation and coordination of involvement in projects individually and in role of Co-Director of Office for Studies on Aging

Stroke Support Group of Northwest Arkansas. Facilitator and Founder of this group beginning in 1982 and continuing to present. Currently believed to be the longest running support group in the country, at least under leadership of the same individual.

Other activities:

- Women's Giving Circle grant for education for caregivers - with R. DiBrezzo set up (and conducted) a series of workshops on topics relevant to caregivers and used remaining funds to conduct focus groups for certified nursing assistants working in three residential facilities for the elderly. Information from these workshops was summarized and provided to each agency to help improve service delivery.
- Education Advisory Board, Schmieding Center for Senior Health and Education. 2001-2006.
- "Project PUSH: Using University Resources and External Funding to Support Senior Center Needs for Exercise Programs." Train the trainers workshop offered in April 2003 to services providers in northwest Arkansas.
- Provider of regional professional Focus Groups for discussion of augmentative communication service needs and options
- Consultant, Rogers Public Schools - overview of all classrooms and services related to augmentative and alternative communication services. Visited all facilities and developed programmatic recommendations, as well as specific intervention plans for approximately 18 students.
- NWA Technology Outreach Program, consultant, provider of assessment, treatment, and training services, 1994-1996.
- Member, Interagency Council on Early Childhood Intervention, 1989-1990

- Board Member, Fayetteville Multiply-Handicapped Children's Association, 1980-1989

- Consultant, Sunshine School, Vaughn, Arkansas, 1982-1984
- Consultant, Orthopedically Handicapped Program, Fayetteville Public Schools, 1979-1984

Over 150 community and inservice presentations to service organizations, health professionals, educators, and parent/family/caregiver groups. Over 30 extended (multi-hour) workshops to area service providers in professional groups ranging from speech-language pathology/audiology to social workers, VA Medical Staff, mental health workers, certified nursing assistants, and other health professionals. The majority of workshops addressed issues of aging and communication behaviors and/or disorders, caregiving, and aging well, although additional topics include the impact of humor on health, communication technologies, and others. Most presentations were designed to enhance service provider knowledge of how to communicate with or serve older individuals with communication disorders or to empower those living with communication disorders.
